OUR PEOPLE

We love our clients,
and they love us back!

“WE ARE TRULY THANKFUL”

“We are new to the area and a co-worker referred us to John and Laura after having a great experience with them while purchasing their new home. Not only was this real estate team professional, timely, and easy to communicate with, but they played with our three little ones while we looked through a house multiple times the first day the property hit the market. Every step of the way they were in touch with us and negotiated well and respectfully with the seller.

The attention to detail hasn’t stopped since closing on our house, and they even showed up recently with a gift basket full of presents for the kids, dog, and parents. We are truly thankful, and would highly recommend John and Laura for any real estate transactions! They were great to work with.”

SCOTT + STEPHANIE GRANGER

“THEY WERE FANTASTIC”

“We could not have asked for a better partner than John and Laura as we pursued our dream to own a home in Chelan. Negotiating from afar can be stressful, but they were responsive, communicative, always upbeat, and their expertise in real estate and the Chelan area was invaluable. We had to extend closing more than once due to issues with our lender and John was fantastic - never made us feel bad about it, but was always on top of everything and represented us well with the seller’s agent. We would absolutely work with them again.”

SILAS + TRISHA MARSHALL

“WE WOULD HIGHLY RECOMMEND”

“John and Laura were super helpful and great to work with. As buyers from out of town, it was extremely helpful that they were so knowledgeable and had a number of contacts that could quickly help us locally. John was always available to answer our questions and assist us throughout the process. We would highly recommend HARRIS + GASPER for anyone looking to purchase a home in the Chelan area.”

①

264 Porcupine Ln.

Our clients had their hearts set on a west-facing homesite with epic views of Lake Chelan on which to build a custom home, but such a property was not available on the market. We connected with the owner and made this stunning homesite an option for our clients with a timely closing and resources to explore their build ideas.

SELLING YOUR HOME

It's no secret that clients have a number of options to choose from when deciding on who they will allow to sell their home. It often boils down to several factors. Who can sell the fastest, at the highest price, with the least amount of hassle. We provide unparalleled presentation and marketing of your home, a database of thousands of potential buyers, tenacious negotiation and proven results to close your transaction with efficiency and skill.

We want to get to know you.

First, we have an in-person meeting to tour your home, learn about you and understand your goals. **We ask a lot of questions and do a lot of listening.**

LET'S TALK PRICING

Precision pricing is critical as buyer activity is highest during the first few weeks a property is on the market. What makes Windermere unique is that we have revolutionized some of the industry's best pricing tools. Through expert implementation of the Comparative Marketing Analysis software, we can quickly and effectively set the right price your home.

PREPARING YOUR HOME

The next step is capturing your home through visuals. We partner with the best photographers and videographers in the valley. Laura will stage your home and direct the shoots so that her vision of the home translates perfectly to potential buyers. Armed with photos and videos, we then compile a customized suite of marketing materials to best showcase your home.

DIGITAL MARKETING

We will customize a marketing package unique to you to maximize exposure and interest in your home. In addition to traditional methods, our approach includes targeted digital advertising, email marketing, content marketing and personalized 1-to-1 outreach to our extensive database of potential buyers. We tell a story about your listing through the series of thoughtfully-designed emails to build excitement and enthusiasm for your home.

FOLLOW UP MATTERS

We don't stop with just emailing. We will personally reach out to all the buyers who have shown interest in your home. We respond fast and turn engagement into offers.

CONTRACT + CLOSING

We are tenacious negotiators, always keeping our client's best interest front and center. John will ensure that the closing process will be stress-free with frequent and effective communication; you'll know what to do and when to do it

FINDING YOUR HOME

In today's highly competitive real estate market, a buyer must have an agent with quick execution, an acute sense of value, a high level of negotiation skills and an outstanding track record of securing the ideal home. That's us. We pride ourselves in understanding our client's goals and making things happen. Our team approach means our clients have both of us working on your behalf.

We want to understand you.

We'll meet in-person to understand your vision and goals for buying a home.
We ask a lot of questions and do a lot of listening.

LET'S TALK FINANCES

We'll want to understand your price range and financing requirements. We have internal financing options and consultation at Windermere as well as relationships with local lenders. We often recommend getting pre-approved for a mortgage loan so we know that piece is secure. In a competitive market having this commitment makes for a strong offer.

WE NEVER STOP

We are constantly monitoring the listing outlets and talking with our constituent agents about new homes on the market so we can let our clients know very quickly of homes that meet their criteria. This is critical in a fast-moving market as many homes go under contract within days of being on the market.

CLOSING + BEYOND

We are your personal negotiation team, always keeping your needs at the top of our priority list. John will ensure that the closing process will be stress-free with frequent and effective communication and will be right there with you every step of the way. We'll also support you well after the close to make sure you get settled and have all the resources you need.

THE RIGHT PRICING + NEGOTIATION STRATEGY

We know the market very well. Before writing an offer, we will perform a Competitive Market Analysis using Windermere's proprietary software to be sure the Seller's pricing is in-line with the current market conditions. We also know of potential demand for the home so we can develop an offer that helps you secure the opportunity. We have significant negotiating experience; John will guide you in this process to ensure you get the right terms, understanding that there are many important strategic factors to consider besides the price. This is where we really make a difference as we assist you in evaluating every important term of the contract to be sure we are looking out for your best interests.

Meet our partner, Windermere.

In 1972, John Jacobi set out to change the real estate industry by putting relationships before sales quotas, with an emphasis on service to our clients and our community. Over 45 years later, this mission has helped grow Windermere into one of the largest independent real estate companies in the nation, with more than 300 offices and 6,000 agents throughout the Western U.S. and Mexico. While the real estate industry has changed substantially over the years, our core values of relationships, community, collaboration, and professionalism have remained central to how we do business, and will continue to do so for years to come.
